Úloha 2

Read the text and choose correct answers.

Why Is China Getting Fat?

You don't have to go to China to know how quickly it's changing. For example, on the news we hear that young Chinese are more open and more individualistic than their parents. However, they are __(1)__ as well! In the past, China __(2)__ a very poor country and most Chinese people didn't have enough to eat. Between the years 1959 and 1961 almost 30 million people in China died because they had __(3)__ to eat. These days China __(4)__ good times and quite a lot of city people can live a comfortable life. The difficult history of the country and its standard of living at the moment explain best __(5)__ the number of fat Chinese is so high today. Of course, there are other reasons: most Chinese families have only one child, __(6)__ there are no brothers or sisters to share things with. It's easy to understand that such children also eat more than they __(7)__. As they study a lot to find good jobs, they have __(8)__ time for sport. The fashion of fast food restaurants is another factor that makes the Chinese, especially teenagers, fat. China is getting fat because __(9)__ getting rich. Anyway, health specialists worry that if the trend doesn't stop, the number of fat and ill Chinese __(10)__ be dangerous to the country's future.
